Dm

Shelter me under your wings

Out of the pit that I'm in

Spirit a new work begin

Gm

Fill me with joy once again

A

Until this weary heart sings
(Last time: "Lord make this weary heart sing")

LAST TIME REPEAT CHORUS,
THEN TAG:
Fill me with joy once again
Until this weary heart sings

TURN (same as intro)

VERSE 2:

Anguish taunts me, my heart's filled with pain
In this godless age the wicked rage
Show your power, their ranting restrain
Evil plans defeat, end their deceit

Take these burdens that weigh on my heart
I cast every care upon you there
As for me Lord, I'll trust in your word
To be life to me abundantly
