## VERSE 1:

*E*                      *B*                      *E*  
In the image and likeness of God we're made  
*E*                      *B*                      *A*  
Male and female we're meant to be  
*E*                      *B*                      *E*  
With the charge to be fruitful and multiply  
*E*                      *B*                      *E*  
As we live here responsibly  
*F#m7*                      *E*                      *B*  
Ruling over the fish, the birds, beasts of the field  
*F#m7*                      *E*                      *B*  
God has given us every plant that grows  
*E*                      *B*                      *E*  
Everything that has life is for us to share  
*E*                      *B*                      *E*  
All creation, it's joys and woes

## CHORUS:

*E*                      *E/D#*                      *C#m*                      *C#m/G#*  
Very very good,                      Very very good  
                    *F#min7*    *E/G#*    *A*    *C#m*                      *B*                      *E*  
Made in him    image,                      he's declared that we're very very good  
*E*                      *E/D#*                      *C#m*                      *C#m/G#*  
Though we've disobeyed Sin's full account's been paid  
                    *F#min7*    *E/G#*                      *A*    *C#m*    *B*                      *E*  
Though once    defiled we've been reconciled and it's very very good  
                    *F#min7*    *E/G#*                      *A*    *C#m*    *B*                      *E*  
Though once    defiled we've been reconciled and it's very very good

## VERSE 2:

In the garden, once perfect, sin left its mark  
And the image was sadly flawed  
But the Potter determined to right that wrong  
Enter Jesus the Son of God  
Condescending he hid his glory for a time  
Born of Mary, he blessed the human race  
Then at Calvary he hung there, our sacrifice  
Our Creator died in our place
