VERSE

15 A F#min7

Though this world re-veres the night You pro-mote the One True Light
 From our slum-ber now re-vive Till we real-ly tru-ly live
 Spi-rit keep us, hold us fast Till we're with the Lord at last

18 Bm A

Down in-to our pre-sent age
 Streng-then now what still re-mains
 Though the Fa-ther's love is great

20 Bm A

You've em-pow-ered ev-ery stage Though this world re-veres the night
 For-ti-fy our love that wains From our slum-ber now re-vive
 Warn the world the time is late Spi-rit keep us, hold us fast

22 F#min7 Bm

You pro-mote the One True Light
 Till we real-ly tru-ly live
 Till we're with the Lord at last
