INTRO

VERSE 1:

In the image and likeness of God we're made
Male and female we're meant to be
With the charge to be fruitful and multiply
As we live here responsibly
Ruling over the fish, the birds, beasts of the field
God has given us every plant that grows
Everything that has life is for us to share
All creation, it's joys and woes

CHORUS:

Very very good, Very very good
Made in him image, he's declared that we're
Very very good
Though we've disobeyed Sin's full account's been paid
Though once defiled we've been reconciled and it's
Very very good
Though once defiled we've been reconciled and it's
Very very good

VERSE 2:

In the garden, once perfect, sin left its mark
And the image was sadly flawed
But the Potter determined to right that wrong
Enter Jesus the Son of God
Condescending he hid his glory for a time
Born of Mary, he blessed the human race
Then at Calvary he hung there, our sacrifice
Our Creator died in our place
