## INTRO

### VERSE 1:

Back in the garden, when all was right  
Satan changed it all to wrong  
A sovereign pardon would fix the blight  
Thus began redemption's song  
So Abraham was called, a promise there and then  
Was made, by faith he went, was blessed then blessed again  
And like him we who trust can truly say "amen!"  
What a gracious God we have

### CHORUS:

What a gracious God we have; Who could conceive  
All that's ours through Jesus Christ; We now receive

## TURN

### VERSE 2:

The law was given, but not believed  
Israel's faith was deeply flawed  
The prophet's message was not received  
Vexing our most holy God  
But all the while redemption's plan was being formed  
Emmanuel, God With Us, Jesus would be born  
The Prince of Peace among us, hell would soon be stormed  
What a gracious God we have

### VERSE 3:

Then condescending in humble birth  
Jesus joined the human race  
He came intending to bless the earth  
Showing us a God of Grace  
Despised, rejected, he endured the vilest wrong  
He hung upon a cross, a place where we belong  
And thanks to Him we now can sing redemption's song  
What a gracious God we have
